

EG27EFI-200Hz

27" FHD IPS frameless Gaming Monitor

- 27" IPS panel with FHD resolution
- 200Hz refresh rate and 1ms MPRT
- FreeSync & G-Sync technology
- HDR400, 16.7M colors, 99% sRGB color gamut
- Eye-care technology

Features

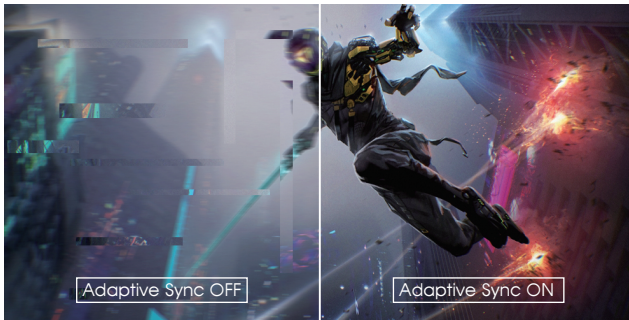

Immerse Yourself in Stunning Visuals

The 27-inch IPS panel with FHD resolution and a 3-sided frameless design brings your games to life with breathtaking clarity and immersive visuals. Get ready to be fully absorbed in every gaming world.

Lightning-Fast and Fluid Gameplay

With an incredible 200Hz refresh rate and a lightning-fast 1ms MPRT, this monitor ensures smooth and responsive gameplay. Say goodbye to motion blur and experience every detail with precision.

Tear-Free, Stutter-Free Gaming

Equipped with both FreeSync&G-sync technology, this monitor eliminates screen tearing and stuttering, providing a seamless gaming experience. Enjoy fluid gameplay and stay ahead of the competition.

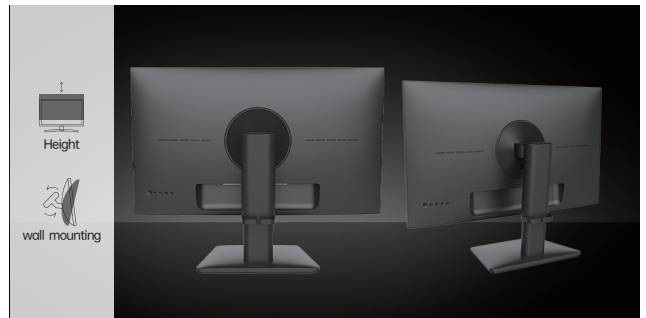

Prioritize Your Eye Health

Our monitor features flicker-free technology and low blue light emissions, reducing eye strain and fatigue even during those marathon gaming sessions. Protect your eyes and game comfortably for longer periods.

Vibrant Colors and Incredible Depth

With support for 16.7 million colors and an impressive 99% sRGB color gamut, this monitor delivers true-to-life colors and vibrant visuals. HDR400 technology enhances contrast and brightness, adding depth and realism to your gaming experience.

Customize Your Setup

The height adjustable stand allows you to find the perfect viewing angle and position for optimal comfort during extended gaming sessions. Additionally, the versatile VESA mount gives you the freedom to create a personalized gaming setup that suits your preferences.
