

GM24DFI-75Hz

24"IPS FHD Frameless Business Monitor with HDMI & VGA

- 23.8" IPS FHD resolution, 16:9 aspect ratio
- Flicker-free technology and low blue light mode
- 75Hz refresh rate and 8ms(G2G) response time
- 16.7 million colors, 99% sRGB and 72% NTSC color gamut
- HDR 10, 250nits brightness and 1000:1 contrast ratio
- HDMI & VGA inputs, VESA mount and metal stand

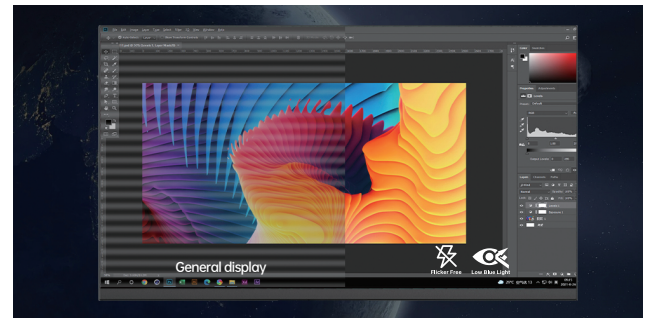

Features

Crisp and Vibrant Display

Experience stunning visuals on the 23.8-inch IPS panel with Full HD resolution (1920x1080) and a 16:9 aspect ratio. The 3-sided frameless design enhances the viewing experience, providing a sleek and immersive display.

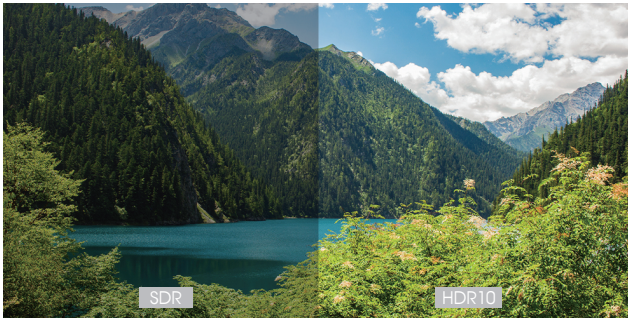

Comfortable Viewing Experience

Say goodbye to eye strain with our flicker-free technology and low blue light emission. Designed with your eye health in mind, this monitor enables comfortable and prolonged viewing, allowing you to focus on your work without any distractions.

Impressive Color Performance

Enjoy accurate and lifelike colors with support for 16.7 million colors, 99% sRGB, and 72% NTSC color gamut. The monitor delivers vibrant and true-to-life visuals, allowing you to experience your content with exceptional color accuracy and richness.

Enhanced Visibility

Our monitor offers a brightness of 250 nits and a contrast ratio of 1000:1, ensuring clear visibility and sharp details. HDR10 support further enhances dynamic range, providing improved contrast and vibrant colors for a visually captivating experience.

Smooth and Responsive Performance

With a 75Hz refresh rate and an 8ms (G2G) response time, this monitor ensures smooth and fluid visuals, reducing motion blur and lag. Your work will be displayed seamlessly, enhancing your overall productivity and efficiency.

Versatile Connectivity and Mounting Options

Connect easily to your devices using the HDMI and VGA ports, offering flexibility and compatibility for various setups. Additionally, the monitor is equipped with VESA mount compatibility, allowing you to customize your workspace and achieve the perfect viewing angle.
