

HM30DWI-200Hz

Elevate your gaming to new heights with the HM30DWI-200Hz Monitor. Immerse yourself in breathtaking visuals, experience unrivaled performance, and indulge in a truly immersive gaming journey designed to take your skills to the next level. Get ready to dominate the competition like never before.

- 30" IPS panel, 21:9 aspect ratio, 2560*1080 resolution
- 200Hz refresh rate and 1ms MPRT
- FreeSync & G-Sync technology
- HDR400, 16.7M colors, 99% sRGB color gamut
- PIP/PBP function
- Eye-care technology

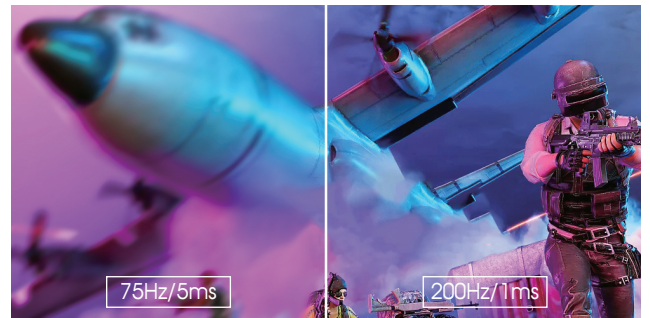

Features

Immerse in Stunning Visuals

With a 30-inch IPS panel and an ultra-wide 21:9 aspect ratio, this monitor presents jaw-dropping visuals in 2560*1080 resolution. Get ready to be fully immersed in your gaming world with vibrant colors and incredible clarity.

Unmatched Performance

Prepare for unmatched smoothness with a blistering 200Hz refresh rate and a lightning-fast 1ms MPRT. Say goodbye to motion blur and hello to seamless, pixel-perfect gameplay that will keep you on top of your game.

Sync Technology Mastery

Equipped with both FreeSync&G-sync technology, this monitor ensures tear-free and stutter-free gaming, delivering a silky-smooth experience. Stay focused and react swiftly without any distractions.

Exceptional Color Excellence

Prepare to be amazed by the color reproduction capabilities of this monitor. Boasting support for 16.7 million colors and a wide 99% sRGB color gamut, it brings your games to life with stunning accuracy and vibrancy. Experience true depth and realism with HDR400 technology.

Multitasking Masterpiece

Seamlessly switch between multiple tasks with the PIP/PBP function. Effortlessly handle work and play simultaneously, maximizing productivity without compromising on the gaming experience.

Eye-Care Innovation

We care about your eyes as much as you do. Our monitor features cutting-edge flicker-free and low blue light technologies, reducing eye strain and allowing you to game comfortably for extended periods.
