Features

Exceptional Visual Clarity

Immerse yourself in stunning visuals with our 27-inch Fast IPS panel featuring a QHD resolution of 2560 x 1440 pixels. Witness every detail come to life on the screen, providing you with exceptional clarity and sharpness for both work and play.

60Hz/5ms   165Hz/0.8ms

Swift and Responsive Performance

Enjoy ultra-smooth visuals with a high refresh rate of 165Hz and an incredibly fast 0.8ms MPRT response time. Say goodbye to motion blur and experience seamless transitions while working on demanding tasks or engaging in fast-paced gaming.

Adaptive Sync OFF | Adaptive Sync ON

Tear-Free Gaming

Equipped with both G-Sync and FreeSync technologies, our monitor delivers tear-free gaming experiences. Enjoy fluid and immersive gameplay with synchronized graphics, reducing visual distractions and enhancing your gaming performance.

General display | Flicker Free | Low Blue Light

Eye-Care Technology

Your eye health is our priority. Our monitor features flicker-free technology and a low blue light mode, minimizing eye strain and fatigue during long hours of usage. Take care of your eyes while maximizing productivity and comfort.

1.07B (10bit)

90% DCI-P3

Delta E ≤2

Impressive Color Accuracy

Experience vibrant and lifelike colors with a wide color gamut of 1.07 billion colors and 90% DCI-P3 coverage. With a Delta E ≤2, colors are reproduced with stunning accuracy, ensuring that your visuals are displayed exactly as intended.

USB Type-C = Audio + Data + Video + PD 65W

USB Type-C | HDMI&DP

Enhanced Connectivity and KVM Function

Connect your devices effortlessly with HDMI, DP, USB-A, USB-B, and USB-C ports. The inclusion of a 65W power delivery feature allows for convenient device charging. Additionally, the monitor supports the KVM function, allowing you to control multiple devices using a single keyboard and mouse setup.
