

## PMU24BFI-75Hz

### 24"×2 IPS Stacked Screens up-down Dual Folding Business Monitor

- Dual 24" screens featuring FHD resolution
- 250 cd/m<sup>2</sup>, 1000:1 contrast ratio
- 16.7M colors and 99% sRGB color gamut
- KVM, copy mode & screen expansion mode available
- HDMI, DP, USB-A (Up & down), and USB-C (PD 65W)
- Height-adjustable, opening & closing 0-70° and horizontal rotation ±45°

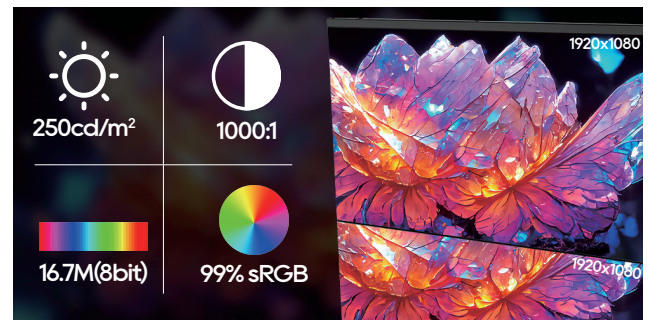

## Features

### Dual Screen Productivity

Boost your productivity to unprecedented levels with two 24-inch IPS panels. The upper and lower main and secondary screens offer a seamless, expansive workspace. Enjoy multitasking at its finest, whether in copy mode or screen expansion, giving you the ability to work on multiple tasks simultaneously.

### Stunning Visuals

Immerse yourself in vivid and true-to-life visuals with FHD (1920\*1080) resolution. Experience enhanced brightness of 250 nits and a high contrast ratio of 1000:1, delivering remarkable image quality. The 16.7M colors and 99% sRGB color gamut ensure accurate and vibrant colors for your professional projects.

### Enhanced Efficiency

Maximize your efficiency with the spacious workspace offered by triple-screen together with laptop or PC. Additionally, the monitor supports KVM function, enabling seamless switching between multiple connected devices, streamlining workflow, and boosting efficiency.

### Ergonomic & Eye-care Design

Find your ideal viewing position with the height-adjustable stand. The opening and closing angles of 0-70° and horizontal rotation angles of ±45° provide flexibility and adaptability to your workspace. The eye-care technology reduces eye fatigue. All of these ensure a comfortable viewing experience even during extended usage.

### Versatile Connectivity

Connect effortlessly to various devices with HDMI, DP, USB-A (Up & down), and USB-C (PD 65W) input ports. Enjoy seamless integration with laptops, desktops, and other peripherals, ensuring maximum compatibility for your business needs.

### Smooth Performance

Stay ahead of your tasks with a refresh rate of 75Hz and a quick response time of 6ms. Enjoy fluid and lag-free visuals, minimizing motion blur and ensuring crisp display quality, even during fast-paced activities.
