

QM24DFI-75Hz

24" IPS FHD Frameless Business Monitor

- 24" IPS panel featuring 1920*1080 resolution
- 16.7M colors and 72% NTSC color gamut
- HDR10, 250nits brightness and 1000:1 contrast ratio
- 75Hz refresh rate and 8ms (G2G) response time
- HDMI and VGA ports

Features

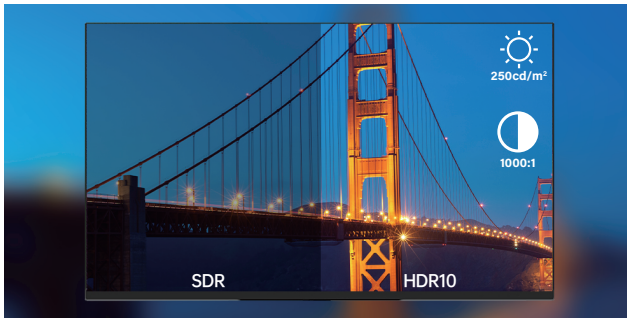

Immersive Visual Experience

Immerse yourself in stunning visuals with our 24-inch IPS panel featuring a Full HD resolution of 1920 x 1080 pixels. The 3-sided frameless design offers an expansive viewing area, maximizing your visual experience and minimizing distractions.

Impressive Color Accuracy

Experience vibrant and accurate colors with a color gamut that covers 16.7 million colors and 72% NTSC color space. Witness your content come to life with rich and lifelike colors, enhancing your visual experience and productivity.

Enhanced Visual Contrast

Our monitor features a brightness of 250nits and a contrast ratio of 1000:1. With HDR10 support, enjoy improved contrast and brightness levels that add depth and realism to your visuals, making every detail stand out.

Smooth and Responsive Performance

Enjoy fluid motion and responsiveness with a refresh rate of 75Hz and a rapid 8ms (G2G) response time. Whether you're working on demanding tasks or enjoying multimedia content, our monitor ensures smooth transitions and reduces motion blur for an enhanced viewing experience.

Protect Your Eyes

We prioritize your eye health by incorporating a low blue light mode into our monitor. Minimize eye fatigue and discomfort during extended usage periods, allowing for comfortable viewing throughout the day.

Versatile Connectivity and Warranty

Connect effortlessly with HDMI and VGA ports, providing versatile connectivity options for various devices. Additionally, we offer a 3-year quality warranty, ensuring peace of mind and reliable performance for an extended period of time.
